

THE EXTRA MILE

After School Program at E.A. Hall Middle School is carefully designed to help students increase academic performance levels. Primary areas of focus are Reading and Math. Additional assistance is given in all subject areas in the Homework Center and through focus classes organized by grade, subject area, and skill level. The After School Program is Federally funded by the 21st Century Grant.

Assistance is provided to students in a variety of subject areas

Students find themselves safe and well-adjusted in the After School Program learning environment.

Candy McCarty has been involved with the 21st Century After School Program since it began at E.A. Hall Middle School in 2000. She currently serves as the After School Site Coordinator.
